ADDRESS.

TO THE CITIZENS OF VIGO AND ADJOINING COUNTIES:

In presenting this, our eighth annual Catalogue of Premiums, we ask the support of all classes of citizens.

The object of the Fair is to advance the industrial interests of our vicinity, by encouraging the exhibition of the products of all branches of industry.

We have tried to combine instruction and amusement. We want all to come, old and young, and bring with them the result of their industry and skill.

Our grounds and buildings are unsurpassed. To exhibit an article at the Fair where it will be seen by thousands, is the best advertisement it can have. Hundreds of persons will see and examine it who will never see it in your shops or on your farms.

Our list of premiums amounts to nearly $5,000, and the Special Premiums offered by the business men of our city, amount to about $1,500 more; together amounting to $6,500. We ask all to compete, not for *money*, but for the *honor* of taking the premium, and for the *advertisement*.

The Fair must be self-supporting; after deducting the expense of the Fair, from the gross receipts, if the balance is not sufficient to pay the premiums in full, they will be paid "Pro Rata."

The grounds are always open for Celebrations, Picnics and peaceable assemblies of the people, but arrangements must be made beforehand with the Fair Ground Committee.

Persons wishing to keep refreshment stands, erect swings, or anything of the kind for pecuniary gain, must obtain permission before entering the grounds.

Citizens from surrounding counties are especially invited to be present and compete for our premiums. Arrangements will be made with the railroads centering at Terre Haute to convey passengers and articles for exhibition at reduced rates.

3. Entries must, in all cases, be made on the Secretary's book, and the entry ticket properly attached, before the articles or animals will be entitled to a place within the enclosure, and no article can be removed from the ground until the close of the Fair.

4. No article can compete for more than one premium, unless a part of a collection in some class. No animal will be allowed to compete for more than one premium in the lists of this society, except as it may compete in matches and pairs and in the trotting and running matches for purses.

1. The Board will carefully preserve all articles while on exhibition during the Fair, but will not be responsible for any losses or accidents that may occur.

2. No person will be allowed in the ring when animals are being exhibited, except the proper committee, judges, editors, and marshals.

Articles receiving first premiums will be designated by a red ribbon. Second premium, blue.

3. The Board of Directors will be in their office during the week of the Fair. They will appoint all officers, judges, committees and agents for the occasion; hear and decide all questions affecting the rights of exhibitors, or the duties of employes, and will have general supervision of the exhibition, and all differences between judges and exhibitors in regard to the rules and regulations will be referred to the Board at their office on the Fair Grounds, when in session.

4. The Secretary and Treasurer will keep their offices near the entrance to the Fair Grounds during the week of the Fair, and will be ready to do business at all reasonable hours of the day.

5. The Superintendent will provide for the wants of the exhibitors; receive, arrange and keep in order, everything connected therewith, see that good order is maintained within the enclosure, and keep the Board well advised of everything connected with the exhibition. He will be aided in the discharge of these duties by an assistant to each hall; also one to the horse and mule department; and one to the cattle, sheep and hog departments; the several duties of whom shall be to attend *especially* to the departments assigned to them.

6. An efficient police force will be on the ground day and night,

7. Ample arrangements will be made in the way of pens, stalls, feed and bedding for stock, but exhibitors will be required to pay fair rates for all grain, meal and hay used by them.

No exhibitor will be allowed personally, to have access to the books of the Secretary during the Fair; but may, on proper application, have such explanations as are neccessary made by the Secretary.

Persons occupying refreshment booths will not be allowed to sell intoxicating drinks. Any person violating this rule will forfeit his right to sell and will be expelled from the grounds. The General Superintendent is instructed to have the rule strictly enforced.

No premium will be paid, or award published, for any fruits, vegetables, or grain, either single or in collections, that have not been grown by the individual entering the same, or his authorized agent. Any complaint being entered against any person for violating this, they will be qualified by oath.

Exhibitors of stock will be required to keep their stalls open, and their stock accessible to visitors, at all reasonable hours during the Fair.

Exhibitors and visitors will take notice that no change whatever will be made in the foregoing rules and regulations, or in the instructions to judges, but that they will be strictly adhered to in every particular.

PREMIUMS TO BE PAID "PRO RATA."

The entire receipts of the Fair and the County License Fund of 1873, after deducting the necessary expenses of carrying on the Fair, will be appropriated for the payment of Premiums, and if there is not sufficient to pay in full, they will be paid "pro rata."

AWARDING COMMITTEES.

1. Awarding Committees will be selected and notified before the Fair. Persons thus appointed will please be punctually on the grounds at the appointed time.

A majority of the committee shall constitute a quorum.

2. A premium will not be awarded when the article is not worthy, and if there be no competition, only one-half the amount will be paid.

3. The Judges on Animals will have regard to symmetry, early maturity, size and general characteristics of the breed which they judge. They will make proper allowance for age, feeding, etc., but will not give encouragement to over-fed animals in breeding classes.

4. No premium will be awarded to barren females exhibited in breeding classes.

5. The standard authority in all cases of pedigrees of cattle shall be the English and American Herd Book; and for horses, the English and American Stud-Book, and American Turf Register.

6. Judges are instructed not to divide out premiums among exhibitors—but in all cases to award the premium to the best articles. The Judges will be expected to give their reasons for their decisions, embracing the valuable and desirable qualities of the Animals or articles to which premiums are awarded; in Fruits to give lists of collections in which they award premiums. And as one great object of the Society is to collect valuable information upon the subjects connected with Agriculture, the several awarding committees are requested to gather all the information possible from exhibitors in their respective departments, and make their reports as full as circumstances will permit.

7. Each committee will make its report of awards to the Secretary, at the business office, as early as possible after its completion.

8. The decision of the several committees will be final and irrevocable in regard to the premiums awarded.

9 Any improper interference with the duties of awarding committees will be properly reported to the business office, and awards will be withheld for this reason; but when called upon, by the proper committees, exhibitors are requested to give all information in their possession to facilitate the labors of the committee.

☞It is especially desirable that every exhibitor determine fully in what class and section he desires to compete before making application for entries.

We have but a word to add. It is a very unusual thing to find the Market at this season of the year so badly demoralized as to prices. In fact, we are not sure but that, at least upon many goods, the prices will be advanced as the season progresses. Certain it is, that the prices given above, are lower than they usually are at the end of the season. We invite an immediate inspection of our stock.

Dress Goods are especially low and attractive. 20c, 25c, 28c, 30c, and 35c will this year buy some very pretty styles.
